

# PUBLIC LEDGER

FIFTH YEAR.

MAYSVILLE, KY., SATURDAY, MARCH 21, 1896

ONE CENT.

LARGEST IN THE CITY.

## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to pay for space in a newspaper free more than a merchant can afford to pay for the carriage of his goods or ships. A newspaper is a legitimate business concern. Its contents, its style, its language and its advertisements should be paid for, no matter what part of the paper they appear.

## The Continued Call

upon THE LEDGER for free notices has been most gratifying—so much so that we are forced to publish the following terms:

## For Notices of Meetings,

notices of Lodge meetings or Church services, which must not exceed ten lines.

## Advances of Disputes.

Misunderstandings are unpleasant, but they are not new. The *Public Ledger* is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A notice of a five-line local inserted in the paper, "The Public Ledger," is \$1.25. It says to the bookkeeper, "But he forgets that it is 10 cents a line, and that for two months at a time—the bill is \$12.50." When he finds it out, he will be sorry, but it is too late, probably by an icy feeling. Now, to think that the *Public Ledger* is the only paper which will accept *hereafter*, let's make a definite arrangement at the outset, and the arrangement will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Mrs. Lucy Hill plead guilty to disorderly conduct and was fined \$5 and costs.

Mrs. Henry C. Berry died at her home in Elizabeth some days since at the age of 67.

Three men were sent to the Penitentiary from Bracken county at the recent term of Court.

W. O. Cochran, Robert A. Cochran and Thomas E. Pickett have been appointed appraisers of the personal estate of Mr. John B. Poyntz.

The gross earnings of the L. and N. for the second week in March were \$95,600, an increase of \$6,490 over last year, but a loss of \$11,515 as compared with 1894, and of \$65,350 as compared with 1893.

A MINT OF A BIGHORN.

They say that the face of Carlisle has been wretched about with a smile.

From the outside gold.

And fell on the hills in a pile.

And yet just a hint of a sigh.

That he didn't last year.

Get the surplus fixed here.

For it would not have him to trigr.

The above forecasts are made for a period of thirty-six hours, ending at 8 o'clock tomorrow evening.

The Covington tax levy is \$2 on each \$100.

Big Bargains. See window at the Pro-gress Shoe Store.

Miss Norene Souley has organized a class in stenography at Flemingsburg.

The Oddfellows of Vancueburg will move into their new quarters in a few days.

Easter Display of Millinery, April 2d and 3d. Mrs. L. V. Davis, Zweigart Block.

Let every one go to the Opera house Tuesday, March 24th, and see the battle of Bunker Hill.

Nancy Moore has sold to W. A. P. Lurty a lot in Dover, with all its "paper" for \$40 cash.

The entertainment at the Central Presbyterian Church last night, given by the Girls' Mission Band, was a grand success.

The Marshal's salary at Manchester has been reduced from \$300 to \$180 a year and the office of City Solicitor abolished.

A. S. Rice, Cashier of the Deposit Bank of Mt. Olivet, has been elected to a similar position at Cynthia and will probably move there.

The State Commissioner of Agriculture reports that crops are generally good in Kentucky, but there is a startling decrease in the price of horses.

Mary Gray, aged about 42, and one of the best known colored women of the city, died at her home in Catholic church at 4 o'clock this morning.

Mr. L. V. Davis has returned from New York, and as usual she has all the newest styles in Millinery which she will display on Thursday and Friday, April 2d and 3d.

Five countries represented at the Opera house Tuesday, March 24th—England, Ireland, France, Spain and America. Tickets on sale at Nelson's at \$5, 35 and 15 cents.

While dressing to go to Court at Lexington Mrs. Sarah Smith fell over and died of heart disease. She had sued B. B. Jones of the Business College for \$10,000 damage for alleged false arrest and imprisonment.

Misfortunes never come singly. A few days ago Captain A. H. Parker fell at Vancueburg and dislocated some of his bones in his right hand, and a night or so later some one "dislocated" four fine fat bones from his hempen henny.

W. N. Schaeff, a Ripley merchant, is missing and is said to have forged certain checks with the name of T. E. Showell. Other forgeries are also said to have been unearthed, one paper bearing the name of Gus Groppenbacher, which he says is not genuine.

The Stanford Commercial has this to say of an ex-Maysville man: "Charles Wheeler, our new merchant, has proven as energetic and efficient in the work of the Church as he has in pleasing his customers in dry goods. His labors during the meeting now in progress have been unceasing to reclaim the sinner and for a more harmonious love of the membership. We think him the right man in the right place."

The State National Bank believes in protection—that is, protection of the money confined to its care by many patrons. In addition to its present safe, it has a safe in the vault in one of its latest devices for thwarting the busy burglar. This consists of a "Sword Door Bank Safe," unlike any other in this city. This new piece of furniture weighs about eight tons, the cost was the biggest end of \$5,000, and it may be safely said that it will afford absolute security.

W. O. Cochran, Robert A. Cochran and Thomas E. Pickett have been appointed appraisers of the personal estate of Mr. John B. Poyntz.

The gross earnings of the L. and N. for the second week in March were \$95,600, an increase of \$6,490 over last year, but a loss of \$11,515 as compared with 1894, and of \$65,350 as compared with 1893.

## BRADLEY BOOM

### The Movement Spreading Over the State and South.

### BRADLEY FOR FIRST PLACE.

### That is the Indorsement of the Republican League Clubs.

### PUSH ON THE GOOD WORK

#### KENTON REPUBLICANS.

COVINGTON, March 20th.

Harmony prevailed in the Convention of the Republicans of Kenton county held in Covington Thursday afternoon.

Resolutions were adopted indorsing Governor Bradley for President and approving his course in calling out the militia last Sunday night.

In the event that Bradley's nomination cannot be secured, the delegates will vote at St. Louis for McKinley.

William McD. Shaw, candidate for delegate to the National Convention, said that, after Bradley, Kentucky is for McKinley.

There was prolonged cheering.

#### SOUTHERN REPUBLICAN LEAGUE.

LOUISVILLE, March 20th.

A secretly called meeting of the Executive Committee of the Republican League Clubs of the South was held last night at the Hotel Victoria.

President Burns of Atlanta presided. Ten states were represented by proxy or in person.

Governor Bradley and H. Clay Evans were indorsed for President and Vice-President, and a determined effort will be made for instructions by every Southern Convention.

The men present felt that the South demanded a place on the ticket, and that this section will force the acceptance of one man of the two mentioned on what ever ticket is nominated at St. Louis.

#### LYONS' COMES OVER.

At the Republican County Convention in Newport Representative William H. Lyons, being called on for a speech, said that two weeks ago he was not a Bradley man, but since the Governor had shown the metal of which he is made, and so promptly called out the militia to protect the name and honor of the people and the Commonwealth, he was very much a Bradley man, and that he will do all he can to make him President.

The date for the big baseball game between the "All Kentuckians" and the Cincinnati Reds has been fixed for April 1. Kentucky will make it a grand gala day, and will give a big parade on the occasion, headed by the Port Thomas Band.

#### Overcoat.

Party who took overcoat through mistake, got on at Maysville and off at Ashland, and local trade. Wednesday, March 24th, will have trouble and confusion. Mr. Clegg will have trouble and a favor by leaving at C. and O. Depot, Maysville, for Mr. Moore, Collector. You will find yours there, Baughman, Smith & Co. on coat.

### HELD OVER TO JUNE.

### The Suspected Housebreakers Are Pretty Sharp.

### THE WAIVE AN EXAMINATION.

Walter Skinner and George Thatcher, the young men who are under arrest on a charge of breaking into the grocery store of Mr. George H. Heiser, are not novices in the methods of the lawyers and the law.

They were arraigned before Police Judge Wadsworth at 2 o'clock Friday.

Wadsworth will deliver the address.

It is hoped that our citizens will turn out and hear these gentlemen.

The Judge then held them in \$350 each for their appearance before the Grand Jury in June next, and until that time they will be guests of the Hotel de John-son at the expense of the county.

Mr. Oscar Wilson, living on the farm of Colonel W. W. Baldwin, is in big trouble. A man and woman who gave the name of Edginton called at his house Friday, saying they were coming to town on business, asking him to care for their two-year-old boy until their return. After they left Mr. Wilson found with the child a bundle of baby-clothes, which satisfied him that the party did not intend to come back.

#### Took His Medicine.

Manchester Signal.

Notwithstanding his reputation as a bloody murderer, Senator Goebel of Kentucky did not succeed in intimidating W. O. Bradley, the gallant Governor of that state. He received a rebuke from the Governor, the most scathing ever given any person, and he took his medicine like a little man. Usually the duffer who shoots his fellow man down on the street shows the white feather when met by a man with genuine courage.

#### THE Y. M. C. A.

Young Men's Christian Association will hold several meetings.

There will be a meeting for men only and when we say men we mean both young and old—at the Courthouse at 3 p.m., and Mr. G. N. Bierce of Dayton, O., Chairman of the State Committee of the Young Men's Christian Association, of the state of Kentucky, will speak at the meeting.

Ten states were represented by proxy or in person.

It is hoped that our citizens will turn out and hear these gentlemen.

The Judge then held them in \$350 each for their appearance before the Grand Jury in June next, and until that time they will be guests of the Hotel de John-son at the expense of the county.

Everybody cordially invited.

## The Texas Way.

## It Is Impossible to Teach a Jackass to Sing Soprano.

Texas Dancer.

When you ask a man to subscribe for your paper and he says: "Oh, I never read much, and besides times are too bad to waste time trying to teach a jackass to sing soprano. All gentlemen nowadays read newspapers and lots of them. Show us a man who lives for a week in a town or country and never subscribes for the papers published there, and we will show you a man whose head is shaped like a piece of pine, with the point up, and whose ignorance is only exceeded by his gigantic gall. A country newspaper is an institution that works day and night for every decent man in the community; therefore every decent man is in honor bound to assist in its support. The great trouble is that some swelled galoos fancy they are making the editor a present when they take his paper. We have the profoundest sympathy for the man who lives in a county for years and never subscribes and pays for his county paper. If that poor fellow was to encounter an idea in a lane, he would turn and fly the other way with the tail of his garment beating the atmosphere. Don't waste much time on such cattie. One of them has not enough common sense to keep warm in hades."

Call and see Cleveland No. 10,000,000 acres of desert land capable of reclamation by irrigation. There are more than 100,000 acres in the market, and many more are being reclaimed and are bearing profitable crops of various kinds, and various enterprises are now under way which, it is expected, will in the next two years insure the reclamation of almost 2,000,000 acres more.

There are more *Catties* in this section of the country than all other diseases put together, and the best way to get rid of them is to be immune. Several years ago it was a local disease and prescribed remedies, and by so constantly failing to cure it, it was given up as incurable. Since then it has been proven to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, F. J. Cheney & Co., Toledo, Ohio, is the only constitutional treatment in the market. It takes internally in decoction drops to a teaspoonful. It acts directly on the blood and nervous system of the system. They offer one hundred dollars for any case that will not respond to the treatment.

WE'RE FOR AMERICA & AMERICANS!

BRADLEY!

Kentucky's Own Son  
for President.

THE deficiency in Uncle Sam's Treasury for the first two days in March is \$3,305,755.00; for the fiscal year, \$20,822,632.41, and for the Cleveland Administration \$12,431,119.15.

INSTEAD of mobbing jails, burning courthouses and hanging murderers, if some of the so-called "criminal lawyers" and "professional juries" were strung up there would be less incentive to murder. Any fellow with enough money to "fee" a lawyer and "fix" a juror may kill at his pleasure.

STATE warrants, which Legislators and other state officials receive in lieu of money, are being subject to heavy discount by the banks of Frankfort, and one bank has refused to cash them at all, as is reported of other banks throughout the state. So far as some members of the Senate are concerned, their warrants ought to be declared worthless altogether; for it is due to the Democratic majority of that body that the revenue bill was not passed. The Republican House passed the measure promptly.

The Coliseum of Rome was built to accommodate 100,000 spectators. It covers 54 acres of land, and was 120 feet high.

William Blackford of Lissie, Me., is but seventeen years old, and is still growing. There's nothing extraordinary in this, but the fact that he is already stands six feet 8 inches in his stockings.

A number of business men at East Liverpool, Ohio, have been victimized by an alleged Eastern collection agency. The alleged representatives of the company collected various sums, and then skipped.

The timber industry in the Southwest, particularly in the Piney Woods, recently broke at Hiram McClain's farm in South Franklin township, and about 250 barrels of oil escaped. A dam hastyhly thrown across the creek below the point of the break and most of the precious fluid saved. Some of Mr. McClain's stock drank of the polluted water and a horse, two cattle and eight sheep have died from the effects.

Seems as if consumption always takes the brightest and best. Fully one-sixth of all the deaths occurring in the world are caused by consumption. Medical science has considered impossible. It would be strange if medical science did not make some progress. The temperance movement, the microscope, the electric light—all were once impossible, and once it was impossible to cure consumption. That was before the time of Dr. Piero's Golden Melon, Discoverer. Taking according to the latest statistics, consumption is now 8 per cent. of all the cases of consumption. Consumption is caused and fostered by impurity in the body. It is caused by purity and health, and it is caused by impurity, caused by the Medical Discoverer. It builds up solid healthy flesh and vigorous strength. Dr. Piero's Golden Melon, Medical Discoverer, is the medical wonder product of the world, and it will be sent free, on receipt of 21 one-cent stamps to cover postage only. Address: World's Dispensary Medical Association, Buffalo, N.Y.

CAMPBELL REPUBLICANS.

They Heartily Indo or Governor  
Bradley For the Presidency.

The Republicans of Campbell county met in Convention at Newport Wednesday to select Delegates to the District Convention at Flemont.

Among the resolutions unanimously adopted were the following:

"Believing that the Republicans of the state of Kentucky deserve recognition for their gallant victory, we hereby endorse the candidacy of Governor W. O. Bradley for the Presidential nomination. We most heartily endorse the manly wise and patriotic course of Governor Bradley in calling out the militia to suppress the armed mob that threatened to seize possession of the State Capitol and at attempted to overthrow the Legislature in the discharge of its duties."

BRADLEY INDORED.

Sensible Democrats Heartily Ap-  
prove the Governor's Action.

Our Gang Times, (Democratic)

At this distance it is not possible to form a just judgment in the occurrences in Kentucky's Capital that happened since last Saturday. We have watched Governor Bradley with care and without prejudice, since the Senatorial contest began. Up to the time of his calling for soldiers, it seemed to our mind that he behaved with rare moderation and good sense.

Whether he will be justified in calling for troops will be known only when all the facts shall be developed by a searching inquiry. We are inclined to the opinion that the Governor has done the right thing all along, barring such errors as any man would be liable to commit situated as he is and has been; but we can not say positively, until we know more.

Certain it is, that Senator Blackburn's friends have been, to put it mildly, very indiferent in the selection of men to "assist the Senate Sergeant-at-Arms," as pretended ready to "do the fighting" for the Senator, if any were to be done.

The man chosen is of the toughest orde of racecourse and gambling-house habitués. They have each been concerned in numerous bloody brawls. One of them was an accessory to the mutual murder of Goodloe and Swope, that occurred some years ago. They have National reputations as well-dressed rowdies and for everything else save for good citizenship.

Behind these six or seven notorious armed and desperate bullies, were a swarm of their satellites, from the low quarters of Frankfort and Louisville; and altogether the situation was a very touchy one to handle.

The Governor thought the surest way to prevent a mob fight of the marauders was to summon sufficient force to overawe the mobocrats—and perhaps it will be shown that he was right.

## DUN'S REVIEW.

Better Business in Shoes and Small Industries.

The Sales of Wool the Smallest in Any Week for Many Years.

A Sharp Decline in the Prices of Cotton Goods—Iron Industry Shows a Slight Decline—The Wheat Market is Weak—Number of Failures Decreased.

NEW YORK, March 21.—R. G. Dun & Co. says Saturday:

Failures for two weeks of March exceed liabilities of \$9,799,987 against \$7,424,472 for the year. Failures for the week were 23 in the United States against 273 last year, and 40 in Canada against 35 last year.

Movement toward better things is still in progress. The number of failures in shoes and small industries, and there has been a squeezing of short sellers in cotton, but the general tendency of industries and prices is not encouraging, and those who were most hopeful in a market were still willing, not so hopefully, for the expected recovery. Obstructions to recovery are not to be sought primarily in the investment or the money market, but in the over-production after the unusual expansion of demand and prices last year. It is a striking fact that the only great industry which is now rapidly gaining in business is the one in which prices have been generally cut down to the lowest figures, and the boot and shoe makers had a reason for hesitation in the prices of leather, which still average six per cent higher than a year ago, though hide and 13 per cent lower, than was the case the past week about the same per cent.

If the manufacturers are narrow profits or none, they are least doing a business which will keep most of the world's operators in business, and have different conditions, and with prices already below last year's lowest average, and wool 5.2 per cent higher than it was then, they are not getting business to keep ports in operation.

Sale of wool was the smallest in any week for years.

A sharp decline in the prices of cotton goods is the comment of mills on rising cotton. Goods now average seven cents per pound, and have declined 4.2 per cent for the week—print cloths to 2½ cents, which is only a sixteenth above the lowest price on record. The accumulation of goods in the face of slack and rapidly diminishing demand has brought the closing of one of the largest mills, and others are considering.

The iron industry shows but a slight decline in production as compared with the last week, and the demand is naturally curtailed. Quotations are deceptive because lower prices are constantly made to secure business. But with one or two exceptions, the decline in high grade iron is not visible.

Speculation in cotton has caught short sellers in a terrible bind, and the cause of the thought prices must go lower, the shorts are forced to put them up. Such a rise also goes without regard to supply or demand, but the government report of last week may not fail to bring a rise of mills, given reason to suspect more than a speculative rise.

The market in wheat has been weak, though rather stagnant, but the weight of fact is that the market is not up. The three weeks of March have been \$8,982,482 bushels, against \$6,034,929 last year. Atlantic exports, four included, show a decrease, amounting to \$4,045,000 bushels for three weeks, against 5,367,199 last year.

The movement of corn continues very large and prices have declined one cent for cash.

A distinctive feature of the situation is the steady increase in commercial loans, not because of scarcity of money, but because banks are disturbed by failures of some importance.
